August 24, 2020

Dear CMIT North High School Parents/Guardians,

Welcome to the 2020-2021 school year!

As we plan for a beginning unlike any other we have seen in the past, the CMIT North High School focus will still ensure every student and parent will feel connected during distance learning.

In fact, 2020 has challenged staff, and students to find a new normal for learning. Also, we learned new ways to stay connected with our learning community. What I most appreciate about CMIT North High School is how even under circumstances we have never experienced we are still a learning and caring community.

Our teachers are continuing pre-service week activities and participating in professional developments. I strongly believe that our new school year beginning may not be -normal- but our learning will not only continue, but it will thrive!

CMIT North High School will have a mock day on August 28, 2020. This day is for students, but parents/guardians are able to join their student's classes by following their schedule. Students should expect an email in their CMIT account with information from their teachers to join their classroom and experience a virtual classroom environment!

If you have any questions, please use this [form](#).

Sincerely,

Gonul Ozturk
Principal
CMIT North High School
